About The Trust

SKDT evolved from Campbeltown Area Development Group which was originally closely linked with Argyll and Bute Council. The Company was formed in 2008 for the public benefit to support, promote, develop, implement and maintain delivery of local regeneration and services which benefit individuals and vulnerable groups in South Kintyre. The geographical area covered is the Kintyre peninsula south of Clachan. Its beneficial objectives are:

- To provide or advance the accessibility of recreational, facilities, and/or organising recreational activities, which will be available to members of the Community and public at large with the object of improving the conditions of life of the Community.
- Advancement of citizenship or Community development, including rural or urban regeneration.
- To advance the provisions for educational opportunities in the Community relating to environment, culture, heritage and/or history
- To advance environmental protection or improvement including preservation, sustainable development and conservation of the natural environment, the maintenance, improvement or provision of environmental amenities for the Community and/or the preservation of buildings or sites of architectural, historic or other importance to the Community

The Trust is managed by a board of voluntary directors who are elected from its membership and are widely representative the South Kintyre community.
